Biology questions relating to plant and animals cells normally include questions about the structure and function of the various elements that make up plant cells and animal cells.

Biology Questions to Help You Pass Your Biology GCSE Exams

Each test consists of 12 questions, each with five possible answers, only one of which is correct (or optimum). You have a maximum of 10 minutes to complete the quiz. If you redo the quiz, you will not get the same set of questions, so it is a good idea to come back to each topic on several occasions. Good luck!
