The IIRC is a global coalition of regulators, investors, companies, standard setters, the accounting profession and NGOs. The coalition promotes communication about value creation as the next step in the evolution of corporate reporting. The IIRC's mission is to establish integrated reporting and thinking within mainstream business practice as the norm in the public and private sectors.

"Integrated Security" or "Trusted\_Connection" When false, User ID and Password are specified in the connection.. When true, the current Windows account credentials are used for authentication.. Recognized values are true, false, yes, no, and sspi (strongly recommended), which is equivalent to true.

## **Difference Between Persist Security Info And Integrated ...**

The accepted answer is not the best one, its not fully correct either. Integrated Security = True or SSPI are not same. Integrated Security=true; doesn't work in all SQL providers, it throws an exception when used with the OleDb provider. So basically Integrated Security=SSPI; is preferred since works with both SQLClient & OleDb provider. I have added an answer for better clarification.

JMAP offers teachers and other users of the Common Core State Standards free resources that simplify the integration of Regents exam questions into their curriculum.

## **JMAP HOME - Free resources for Algebra I, Geometry ...**

Not exactly an "utility", but you can import PEM certificates into Windows Certificate Store and export them back as DER. In fact, Windows supports PEM-encoded certificates just fine, it just doesn't recognize the .pem extension - you can rename the file to name.crt or name.cer, then you can open it and see all information. "PEM encoded" means nothing more than Base64-encoded DER, between ...
