Susan Hillier Home Page, University of South Australia

Operations research, or operational research (OR) in British usage, is a discipline that deals with the application of advanced analytical methods to help make better decisions. Further, the term operational analysis is used in the British (and some British Commonwealth) military as an intrinsic part of capability development, management and assurance.

Traumatic brain injury (TBI) constitutes a major health and socioeconomic problem throughout the world.^{1, 2} It is the leading cause of mortality and disability among young individuals in high-income countries, and globally the incidence of TBI is rising sharply, mainly due to increasing motor-vehicle use in low-income and middle-income countries. WHO has projected that, by 2020, traffic ...

This site is intended as a resource for university students in the mathematical sciences. Books are recommended on the basis of readability and other pedagogical value. Topics range from number theory to relativity to how to study calculus.

Books in the Mathematical Sciences

Fig. 2 illustrates the distribution of publications according to sustainability dimensions.⁵ The number of papers increased continuously over the years. Interestingly, despite the existence of social and environmental reporting in the 1970/80s (e.g., Fifka, 2012, Kolk, 2010), the growth of sustainability reporting in the new millennium seems to have invigorated the entire field of research.

Determinants of sustainability reporting: a review of ...

Readers' comments (6) Anonymous | Fri, 15 Mar 2019 1:24 pm. Great and fun lesson. I included a game which was a list of 10 inventions ranging from the wheel to the internet- students in groups had to chronologically place the date of the invention.

This week Futures is delighted to welcome A. J. Lee with her story Remember — a cautionary tale about cryogenics. Here, we discover what inspired this piece — as ever, it pays to read the story first.. Writing Remember. Despite the scepticism about cryonics, people have been freezing themselves in the hope of future resuscitation since the mid-1960s.
