Today's Inspirational Thought - Meditations for Women

Socialism and communism are based on the principle that the means of producing goods and providing services — such as all factories and companies — should be owned publicly and controlled and planned by a centralized organization rather than being controlled by members of a small class of wealthy people.

What is the Difference Between Socialism and Communism?

After yesterday's post about what determines temperature, I thought I would revisit one of the most convincing evidences of Earth's greenhouse effect.. As I've mentioned before, a handheld infrared thermometer is a great little tool to help gain physical insight into the thermal radiative (infrared) effect the atmosphere has on surface temperature.

Direct Evidence of Earth's Greenhouse Effect - Roy Spencer

1. Jobs are scarce - People are always trying to move here. Businesses - at least ones that don't involve bottle service or sushi - are not. You do the math. 2. You have to drive like a maniac to survive - Everyone in Miami knows the slowest way to get from Point A to Point B is by following all the traffic laws.. 3. Nothing runs on time - This becomes infuriatingly clear the first ...
