Yes No Questions - English Grammar Lessons - learnEnglish ...

Yes and no, or word pairs with a similar usage, are expressions of the affirmative and the negative, respectively, in several languages including English. Some languages make a distinction between answers to affirmative versus negative questions, thus they may have triplets or quadruplets of words instead.

As is the case with any verb tense in English, it is generally possible to give short answers to a question. This is certainly the case for questions in the past tense.. If the question commences with one of the traditional question words such as WHO, WHERE, WHEN, WHY, WHAT, WHICH or HOW, it requires a more detailed answer and it is not possible to give a short answer.

A question is an utterance which typically functions as a request for information. Questions can thus be understood as a kind of illocutionary act in the field of pragmatics or as special kinds of propositions in frameworks of formal semantics such as alternative semantics or inquisitive semantics. The information requested is expected to be provided in the form of an answer.
